QR Codes Getting Started Guide
Learning Management System (LMS)

PURPOSE & INFORMATION
The purpose of this getting started guide is to provide information and procedures for initial set up and usage of QR Codes to access the learning management system, Schoology.

WHAT IS A QR CODE?
QR Codes provide students a simplified, secure login to safely access instructional applications with a single username and password. With QR Codes, students can simply hold up a physical badge to a webcam to log in.

1. Students will need a camera capable device, such as a computer, phone, or tablet, for students to access instructional material through Schoology.
2. Schoology QR Codes are for all PreK-2 students.
   Note: If a badge is lost please see below for support.

HOW DO I GET SUPPORT?
1. PARENTS/STUDENTS: The LAUSD Helpdesk for Schoology Support is available to assist parents/students with lost/damaged badges.
   a. Call (213) 443-1300

Three Steps for Easy Access
ON THE COMPUTER
1. Navigate to lms.lausd.net.
2. Select K-2 Students QR Code.

3. Select Scan QR Code.
4. When the page opens, you will be prompted to enable your camera. Select “Allow” and then hold your QR Code up to the screen to log in to your Schoology homepage. Depending on the browser, you may select “Always Allow” or “Remember this decision.”

ON AN IOS / ANDROID
1. Open the Schoology app.
2. From the login screen, select Continue.  
   Note: Do not select your school.

3. Select Scan QR Code.

4. If your device does not have camera access enabled for the app, you’ll be prompted to go to Settings:
5. Once the camera is enabled, you'll be prompted to scan your QR Code with the camera:

*Left: the Scan Your Code screen on an iPhone X. Right: the Scan Your Code screen on an LG Nexus 5X.*

**Student QR Code**
*Please keep it in a safe place*
